BOUNCY CASTLES

Should you have a bouncy castle during your hire at the Colman Redland Centre, you **MUST** ensure that you have a written risk assessment in place and;

Access and use is controlled by an authorised adult at ALL times,

Soft matting must be used to cover hard surfaces adjacent to the front or any open sides where there is risk of injury from falling from the inflatable,

The manufacturer's or supplier's safety recommendations must be followed,

Remove sharp articles like shoes, buckles or jewellery,

Do not allow over-crowding on the inflatable (limit numbers),

Do not allow a mix different size people on the inflatable (to prevent larger people crushing smaller people),

Do not allow access to the very youngest children eg under 2 years old,

YOU MUST ENSURE A FIRST AIDER IS AVAILABLE AT ALL TIMES WHEN YOUR BOUNCY CASTLE IS IN USE.
